

GARDEN HIGHLIGHT

Healthy Hawk Garden

Alamosa Park Elementary School, Vista Unified School District

The Healthy Hawk Garden has thrived due to the dedication of champion Nancy Jones. Several teachers have claimed some of the 12 garden beds for class use, but Nancy runs an **8-session afterschool garden club program** for a group of students. She also write grants and has gone above and beyond the call of duty to help the whole VUSD apply for, receive, manage, and report on CISG grants in 2006.
